

LMMS Virtual Nursing Clinic Newsletter

- June 2020 -

Hi Lost Mountain Parents and Students

On Thursday, the governor announced that those who are 65 years and older are no longer required to shelter in place, effective immediately, unless they are living in long-term care facilities or if they are medically fragile

Anyone who otherwise is medically compromised - including those who have chronic diseases or underlying health conditions is still being asked to stay at home. The order, titled "Empowering a Healthy Georgia," goes into effect at 12 a.m. Tuesday, June 16 and lasts until 11:59 p.m. June 30.

As part of the same executive order, Kemp allowed even more leeway for public gatherings - from movie theaters to live entertainment venues.

[For full outline of current executive order click on link below:](#)

Consideration for Travelers-Coronavirus in the US

COVID-19 cases and deaths have been reported in all 50 states, and the situation is constantly changing. Because travel increases your chances of getting infected and spreading COVID-19, staying home is the best way to protect yourself and others from getting sick.

If you are thinking about traveling away from your local community, click link below for information from the CDC to consider prior to traveling:
